

Early Journal Content on JSTOR, Free to Anyone in the World

This article is one of nearly 500,000 scholarly works digitized and made freely available to everyone in the world by JSTOR.

Known as the Early Journal Content, this set of works include research articles, news, letters, and other writings published in more than 200 of the oldest leading academic journals. The works date from the mid-seventeenth to the early twentieth centuries.

We encourage people to read and share the Early Journal Content openly and to tell others that this resource exists. People may post this content online or redistribute in any way for non-commercial purposes.

THE AMERICAN ASSOCIATION FOR THE
ADVANCEMENT OF SCIENCE

SECTION K—PHYSIOLOGY AND EXPERIMENTAL MEDICINE

SUMMARY OF THE PROCEEDINGS

THERE were four meetings of the section at the University of Chicago during convocation week, as follows:

First Meeting.—Manual Training School Building. Tuesday afternoon, December 31, 1907. Presiding officer: Vice-president Ludvig Hektoen. A large audience was present to hear the address of the retiring Vice-president, Simon Flexner, on "Tendencies in Pathology." (See SCIENCE, XXVII., p. 128, 1908.)

Second Meeting.—Physiology Building. Tuesday afternoon, December 31, 1907 (immediately after the adjournment of the first meeting). Joint session with the American Physiological Society. Presiding officer, Frederic S. Lee. Eight papers were read. (See the scientific proceedings.)

Third Meeting.—Reynolds Club Theater. Wednesday afternoon, January 1, 1908. Presiding officer, Vice-president Ludvig Hektoen. This session was devoted to a symposium on *Immunity* (see the scientific proceedings) and to the election of officers and other executive matters (see the executive proceedings).

Fourth Meeting.—Reynolds Club Theater. Thursday afternoon, January 2, 1908. Presiding officer, Charles E. Marshall. Joint session with the Society of
